## Vaaradhi Data Analysis

---

As noticed in the above screen shots, we have tried to explore and identify the following categories among Vaaradhi children.

✓ **Students with Special Skills such as Drawing, Singing, Sports, Poetry etc**

We will continue to monitor and offer special training to these students in the area that they have interest and talent so that they can realize their own potential and can choose a right career path.

✓ **Students with Leadership Qualities**

These are the students whom we can groom and they will act as our change agents to motivate other students in the class. We are planning to arrange special workshops for these children so that they can get better with life skills such as public speaking, empathy, interpersonal relationships and continue to outperform rest of the class in academics and gradually become successful and responsible citizens of India. These are potential success stories of Vaaradhi Project.

✓ **Students with HIV Positive**

These are children infected by mother/father and continue in the school. They are on regular medication and we continue to provide them nutritional supplements with a hope that they may get back to normal slowly.

## Medical Checkups

---

We did review the medical condition of all students during our interactions with them at cloth distribution events. Several of them needed medical attention

## Remedial Teaching

---

For most of the children under Project Vaaradhi, we found the need of remedial teaching as part of improving their academic standards and help them be competent enough. In this programme the children are provided with training on basic math, telugu (read and write) and english (read and write).

We have hired some local graduates for this purpose. We pay an honorarium and also reimburse them the commuting expenses to and from the school campus. However, we don't seem to notice drastic improvement due to several challenges in this attempt. We have met some teachers and school representatives with an intention to find a practical solution to this problem. We are still trying to come up with a workable model to handle this issue in students.

## Success Stories (2017-2018)

1. N. Sri Lakshmi (KRL Govt.HS) is selected for State award in Grandalaya Varotsavalu in 2017.

2. D. Swathi (YAM HS Samalkot) is selected for KHO - KHO state level competitions under 14 in 2017.
3. K. Venkata Lakshmi (Vadlamuru ZPHS) is selected for Kabaddi state level competitions under 14 in 2017.
4. T. Sri Lakshmi of Nagulapalli TM HS has got participation certificate of SWIMMING State level competition in 2016.

## Hindi Exams

---

As several students are showing interest towards appearing for Hindi Examinations, we have tied up with some local Hindi Pandits to coach our children for Hindi Exams. These examinations are conducted by **Dakshna Bharat Hindi Prachar Sabha** (Chennai). The list of exams are Parichaya, Prathamika, Madhyama, Rashtra, Praveshika, Visharad, Praveena, and Nishnath. They also conduct examination in Hindi Typewriting (Lower, Higher & High Speed) and Shorthand in Hindi. There is a huge benefit for the students if they can clear these levels before they complete intermediate (12<sup>th</sup> standard). They can directly appear for the Hindi Pandit teacher selections by state government.

## NMMS Exams

---

As several 8<sup>th</sup> class students are showing interest towards appearing for NMMS Examinations, we have paid the NMMS fees and provide the material for preparation. Once they selected, they get the scholarship up to intermediate, the amount of Rs. 6000/-.
